

We are delighted to introduce Pathway, our all-inclusive scanning package.

With a transparent and simple agreement we will even do all the software updates on your behalf, to make your entry into scanning and design seamless.

All this for only **£299.00** per month inclusive of vat.

Included in this lease rental arrangement you would receive:

- 1x Ceramill Map 400+ DNA
- 1x Ceramill Mind & Match2
- Amann Girrbach Protection Plan
- A technical design course in Sussex or Hull, tailored to your needs with 6 hours verifiable CPD

Fast and precise, high resolution scanning data – these are all features of the fully automated stripe light Ceramill Map 400+ scanner with its high-sensitivity 3D sensors and a sophisticated and newly developed "DNA Speed Scanning" strategy. It reduces scanning times by up to 50 % whilst retaining consistent precision. As a result, a full jaw scan with results for unlimited use is possible in only 24 seconds.

Furthermore, the scanner with Splitex integration offers a number of valuable and convincing scanning options such as the digitisation of Triple Tray impressions* and textures, recording of up to 12 stumps* (Multi Die/Multi Cap).

Ceramill Map 400+ generates open stl files.

Benefits of scanning with the Map 400+

- Full jaw scan with results for unlimited use in only 24 seconds due to DNA Speed Scanning
- High precision digitisation of models with jaw relation
- Versatile use (e.g. Impression Scan Triple Tray*, Models, Multi Die*, Colour Texture Scans)
- Universal-carrier plate allows flexible scanning of numerous different model systems*

*Optional holder required.

The technical specifications of the Map 400+

- Axes: 2
- Dimensions: 465 x 515 x 585 mm
- Weight: 35 kg
- Electrical connected value: 100-240V / 50/60Hz
- Electrical fuse: T 2 x 1.25A
- Power Output: 80 W
- Accuracy: 6 µm
- Accuracy implant bars: 10 µm
- Full jaw scan: 18 sec.

The Ceramill Mind design software, developed by Amann Girrbach in close collaboration with dental technicians, meets all requirements. Perfectly coordinated to the Ceramill Map scanner Ceramill Mind has been seamlessly integrated in the system architecture of the Ceramill system and is

characterised by easy handling, process reliability and precision. The user guidance of the CAD programme, orientated to the standard laboratory workflow, greatly simplifies the framework fabrication process and covers an extensive range of indications from crown and bridge to complex implant restorations or full-denture prosthetics. Features and areas of application are progressively refined, allowing the Ceramill Mind to be upgraded by a large number of software modules.

Benefits of using Ceramill Mind

- Automatic user guidance for maximum process safety and easy operation
- Considerable time savings through intuitive workflow following dental logic
- Perfect matching of scanning and CAM processes guarantees uninterrupted work
- Future-safe due to continuous expansion of upgrade modules

Reads and sends STL-files to provide a high level of flexibility

Indication spectrum

- Fully anatomical and anatomically reduced crowns and bridges
- Inlays/Onlays
- Veneers
- Maryland bridges
- Reducing wax-ups Press-over
- Telescopes Individual abutments (**Upgrade Ceramill M-Plant module**)
- Multi-unit, screw-retained bridges (**Upgrade Ceramill M-Plant module**)
- Attachment Bars (**Upgrade Ceramill M-Bars module**)
- Splints (**Upgrade Ceramill M-Splint module**)
- Provisional shell restorations (**Upgrade Ceramill Microshell module**)

Match 2 nesting software is included within the software package, to enable you to add an Amann Girrbach milling device if required.

On confirmation of the agreement you will receive 6 hours training on the installation and use of the scanner and software at our Flimwell, East Sussex training centre or at our HQ in Hull. On completion of the training you can take your new scanner away with you.

The rental term is for a minimum of 90 days and then on a 30 day rolling contract. You may opt out at any time after 90 days with 30 days written notice.

E&OE, Standard Terms and Conditions apply, subject to stock availability.

Yours faithfully

WHW Plastics Ltd
